Computers and Talk in the Primary Classroom by Rupert

January 31st, 2019 - Summary This text looks at how computers are being
used in primary classrooms and how they could be used better Its three
sections focus upon how do we investigate learning through talk around
computers

Theories of learning and their implications Open

January 27th, 2019 - In any form of teaching assumptions are made about
the kind of learning that the teacher hopes will take place and about the
process of learning In other words the teacher has a model of learning
although it may not be explicit indeed the teacher may not be aware of it
herself What are the assumptions about teaching and learning which lie
behind educational programs
